

# Modular Sales Office - Paxton Walk - 3,600 sf

## A Pac-Van modular sales office for residential sales is a cost-effective and fast space solution

Your modular office can take any form or finish, inside and out. You dream it and we design it, build it, deliver it and install it!

The eye catching exterior wrap of this 3,600 sf modular sales office beautifully depicts the surroundings and lifestyle of the condo buyers who would find Paxton Walk their ideal home. Inside the facility there are wood floors, 10' ceilings, a curved logo and a complete condo model including a skylight. Restrooms, a large kitchen and break area are also included making this a usable space for both employees & visitors. The untrained eye would never know that this was a standard used building that was completely customized & delivered in less than two months.
