

Custom Modular Sales Office - Fountainhead

A Pac-Van modular sales office provides customized styling to complement your environment

This 2,160 sq ft custom modular sales office was designed to represent Lake Las Vegas Resort as a community of championship golf courses with upscale amenities. The trussed, concrete tile roof is comprised of varying planes and elevations. A transverse gallery lures the eye to the entry, highlighted by an arch with faux voussior stones. Other features include: six foot arched window overlooking Lake Las Vegas, travertine floors, crown moulding, 9' ceiling, refreshment area with granite countertops and mahogany cabinets, two offices with lavish wall coverings, and French doors opening to a pergola supported by columns and surrounded by lush landscaping.

The high-end location of this sales center required a building that attracted potential buyers without detracting from the view of the lake. The building successfully accomplishes the goal of selling the lifestyle of Lake Las Vegas.

Experience You Can Trust - Quality You Demand

When time is of the essence, the quick construction of modular buildings make them ideal for residential sales offices. Pac-Van offers flexible lease or purchase plans. Learn more about modular buildings at:
