

Modular Sales Office - Winding Walk

A Pac-Van modular sales office for residential sales is a very cost-effective temporary space solution

Your modular office can take any form or finish, inside and out. It goes up fast - and take down readily.

This 36'x56' custom sales office was designed for a high-end housing development. The main area features a 24'x56' space with four rooms and an open 12'x20' room, attached at the back of the building, creating depth and a display area to highlight the development's features and amenities. Custom features include dark wood French doors with glass panes, stonework walls with dark wood pillars, and a full-length porch with an attached gazebo. Truly a masterpiece!

Experience You Can Trust - Quality You Demand
