Modular Sales Offices

D's Auto World Sales Office

Building Specifications:

- 3 - 14' x 70' Buildings
- 2,905 total square feet

D's Auto World is a picture of quality design that mirrors the floor plan and specs of its stick built counterpart, all with a 20% cost savings. The exterior was finished with Hurcubond split faced block & stucco. The finish was utilized throughout the building's design in both the landscaping edge and the reception area. A 42" parapet mansard, longitudinal roof trusses, roof scuppers and concealed gutters were also utilized to enhance the buildings overall appearance. Upgraded carpet, solid core doors and recessed, diffused lighting finish the interior atmosphere. In addition to the cost savings of the modular application, the customer was able to move-in to their new facility in an amazing 52 days.

Experience You Can Trust - Quality You Demand

When time is of the essence, the quick construction time of modular buildings make them ideal for auto sales offices. Pac-Van modular buildings are built from the same durable materials as traditional construction and meet all prevailing state and local codes.
