

Modular Golf Pro Shops & Club Houses

**Siena Golf
Pro Shop &
Clubhouse**

This 2,160 square foot modular building was constructed for Siena Golf Course. The structure is comprised of 3-12x64's and is used as a temporary clubhouse. This simple building design is dressed up with oversized windows & doors, awnings and a patio. The interior consists of many special features as well including a kitchen, snack bar, ATM machine, pay phone, ceramic tile floors, ceiling fans and tape & textured interior walls. Despite all of these extras, the building was still ready for occupancy in an amazing 30 days!

Experience You Can Trust - Quality You Demand

When time is of the essence, the quick construction time of modular buildings make them ideal for Golf Club Houses. Pac-Van modular buildings are built from the same durable materials as traditional construction and meet all prevailing state and local codes.
