

Portable Classrooms - Monroe Local Schools

Modular school buildings: Occupy 50% sooner and save up to 40% of cost vs "stick-built" construction

When enrollment numbers skyrocketed, Monroe Local Schools quickly needed an additional teaching facility to complement their existing school. Eight modular buildings were expediently built to code and delivered, then accentuated with ramps, banisters and awnings for easy access to and from the facility. Most importantly, the cost-effective addition to their school was delivered on time, so they could accommodate their students on the first day of classes.
