

Modular Offices - Citi-Mark/Juhl Sales Center

Choose a modular building and you can often be open for business in a matter of weeks - not months

This custom modular sales center is comprised of 3 modules. The main entrance of the building features an expansive glass entry with barn hinge doors. The facility features a steel clear span frame. The building is pad/pier set and has roof mount HVAC. A parapet was added to the exterior front for visual variation. The interior features a floating wall, custom lighting and hardwood floors. The floor plan was designed with five offices, rest-rooms and an open sales area in the center.
